

The Five Rules of Safe Bicycle Riding

The Five Rules of Safe Bicycle Riding

- ① In principle, bicycles should be ridden on the left side of the roadway. Sidewalks are only for special cases. Give priority to pedestrians.
- ② At intersections, abide by traffic light directions, stop at traffic stops, and check your surroundings.
- ③ Turn your light on at night.
- ④ Riding a bicycle after drinking is against the law.
- ⑤ Wear helmets when on a bicycle.
